Employment Verification

This letter is to confirm that Riddhi Shah is an employee of Rackspace, Inc. Our headquarters are located 1 Fanatical Place, San Antonio, Texas, 78218. Riddhi is employed as a Software Developer III.

As a Software Developer III, Riddhi does the following:

Design and implement high quality self-service APIs for dedicated devices (servers, load balancers, firewalls, storage) under the Rackspace single tenant offering. Use python programming, distributed systems and various other aspects of computer science to help solve for different use cases. She previously worked on teams that performed Rackspace Public Cloud to AWS Public Cloud Migration automation and on Rackspace Cloud Databases.

Riddhi has been employed since July 14th, 2014. Riddhi will be traveling to India from July 7, 2018 through July 28, 2018. Riddhi is expected to continue to be employed full time with Rackspace once her trip is complete. Riddhi's supervisor is Amit Gandhi. He can be reached at via email at amit.gandhi@rackspace.com.

If you have any questions, please contact me directly.
